

Full stack engineer with a passion for front end web development. With experience in Ruby on Rails, JavaScript, React, Redux and a background as a strong editorial design professional, I bring a creative lens to each project. Adept at prioritizing key deliverables under tight deadlines and collaborate effectively across departments.

TECHNICAL PROJECTS

Come on Kayak | [Github Frontend](#) | [Github Backend](#) | [Demo](#)

an app for kayakers to log in and make comments on past trips and create upcoming ones

- Persists data to a Rails database and provides a Rails API
- Displays a React, Redux frontend with Semantic-ui-React
- Fetches data from the Rails API using Javascript

Adopt a Pet | [Github Frontend](#) | [Github Backend](#) | [Demo](#)

an app for adopting/maintaining a virtual pet without the upkeep of a live one

- Persists each user's pets and experience to a Postgres database and provides a Rails API with JWT authorization
- Displays a React frontend with Semantic-ui-React and CSS
- Employs flexbox with hamburger menu

Abode Haven | [Github](#) | [Demo](#)

an app for building management admin and apt seekers based in nyc

- Built with Ruby on Rails, Postgres, Bootstrap and CSS with endpoints for Users, Buildings and Apartments
- Implements Devise to allow Admin to sign in and use features specific to Admin

TECHNICAL SKILLS

Adobe Creative Cloud | CSS | HTML | JavaScript | React | Redux | Ruby on Rails

EMPLOYMENT HISTORY

Hearst | **Women's Health** | **Prevention** | **People Magazine**

all located in New York, NY

Digital Art Director | September 2011-May 2017

- Reviewed content from print material and translated it using elements of company's designated brand for user interaction on ipad/iphone
- Utilized Edge Animate and Photoshop to produce engaging interactive material for the reader
- Redesigned ipad/iphone editions to reflect current format to insure continued viewing by subscribers
- Directed staff of 4, troubleshoot design decisions to improve layout to best captivate and maintain readers' attention

Shape Magazine | **Time Inc. Custom Publishing** | **TV Guide** | **Worth Magazine**

all located in New York, NY

Art Director | April 1996-August 2011

- Produced effective layouts, contributed to multiple redesigns under high pressure environment; met deadlines on or ahead of schedule while continuously updating content based on feedback
- Collaborated with editors to visualize their perception of stories; independently created end products
- Conceptualized story content with illustrators to determine visual representation; hired talent based on whether subject matter and illustrator/photographer specialization were aligned
- **Awarded for outstanding design by:**
Print's Best Typography, PRINT'S Regional Design Annual, The Society of Publication Design
